About the UNIVERSITY

CHRIST (Deemed to be University) is born out of the educational vision of St. Kuriakose Elias Chavara, an educationalist and social reformer of the nineteenth century in South India. He founded the first Catholic indigenous congregation, Carmelites of Mary Immaculate (CMI), in 1831 which administers CHRIST (Deemed to be University). Established in 1969 as Christ College, it undertook path-breaking initiatives in Indian higher education with the introduction of innovative and modern curricula, insistence on academic discipline, imparting of Holistic Education and adoption of global higher education practices with the support of creative and dedicated staff. The University Grants Commission (UGC) of India conferred Autonomy to CHRIST College in 2004 and identified it as an institution with Potential for Excellence in 2006. In 2008 under Section 3 of the UGC Act, 1956, the Ministry of Human Resource Development of the Government of India, declared the institution a Deemed to be University.

One of the first institutions in India to be accredited in 1998 by the NAAC, and subsequently in 2004, 2016 and 2022, CHRIST (Deemed to be University) has the 'A+' in the 4-point scale. The multidisciplinary university which focuses on teaching, research and service offers Bachelor, Master and Doctoral programmes in Humanities, Social Sciences, Management, Science, Commerce, Engineering, Education and Law to over 25000 students. The campus is a living example of harmonious multiculturalism with students from all the states and union territories and around 60 different countries. CHRIST (Deemed to be University) publishes six peer-reviewed research journals and has published more than 300 books in Kannada and English. A promoter of sports, music and literary activities, it is a nurturing ground for creative excellence.

About the DEPARTMENT

The Department of Statistics and Data Science strives to provide a dynamic research environment and effective education, including excellent training in scientific data collection, data management, methods and procedures of data analysis. Our curriculum adheres to worldwide standards to provide the best possible research and educational opportunities in statistics and data science.

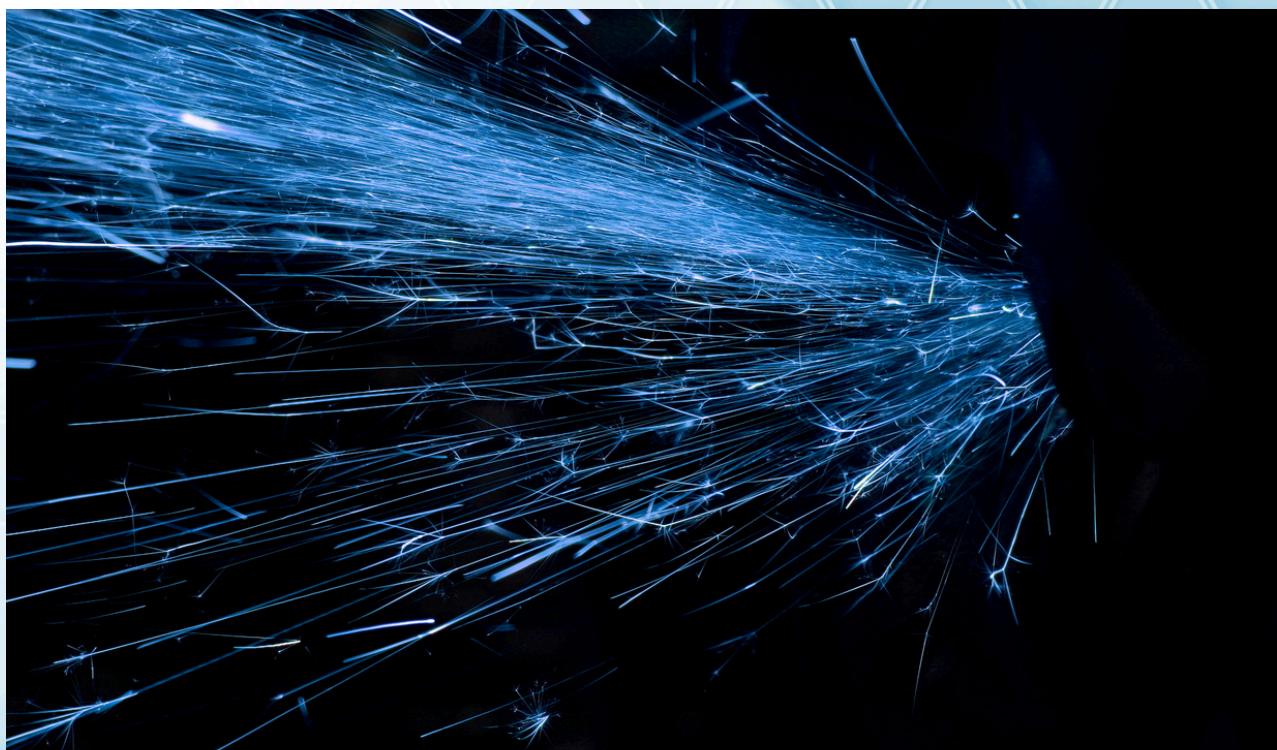

It offers a perfect blend of statistical knowledge with tools and data science techniques required to explore, analyse and interpret the complex data of the modern world. The curriculum and teaching pedagogy, foster higher-order thinking and research skills which equip students for the dynamic and ever-evolving data industry. Well-designed co-curricular activities organised by the department are aimed at the holistic development of the students. The skills imparted through various programmes offered by the department, aim to develop data professionals who would strive to contribute for the development of the society and the achievement of national goals.

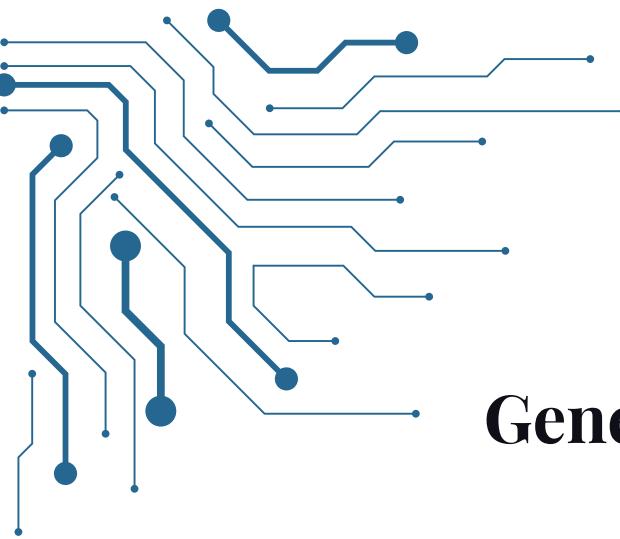

About the THEME

“Data Sparks: Fueling Global Solutions”

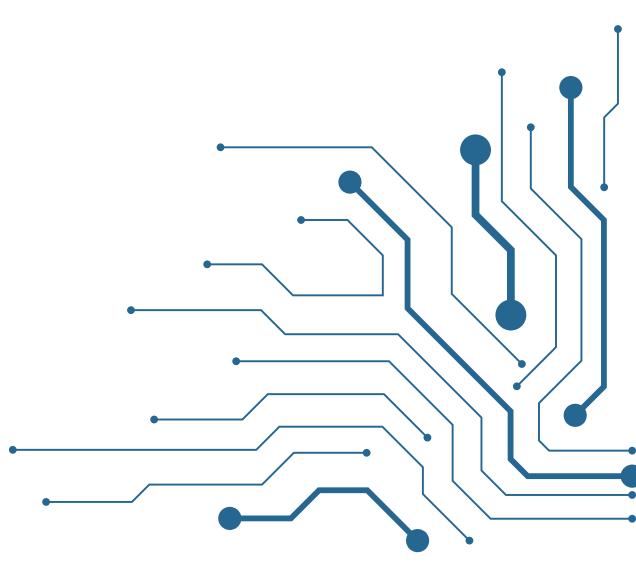

At E[X]PECTATIONS 2024, organised by the Statistics and Data Science Association (StaDa) of the Department of Statistics and Data Science, the theme: “Data Sparks: Fueling Global Solutions” showcases how data, analytics, and AI act as the driving forces behind solving global challenges. In a world increasingly powered by information, data becomes the spark that ignites groundbreaking solutions - be it in healthcare, education, economics, or infrastructure. This year’s theme is a celebration of data’s potential to go beyond numbers and models, pushing the boundaries of innovation to address critical global issues.

As we come together for this event, we recognise that the insights gained from data analytics and statistical methodologies are not only transforming industries but also creating opportunities to tackle some of humanity’s most urgent problems. E[X]PECTATIONS 2024 emphasise that data science is not just about analysis - it’s about sparking meaningful changes, inspiring new ideas, and shaping a sustainable future where data-driven decisions fuel progress on a global scale..

General Guidelines

- Any student pursuing a postgraduate degree in Statistics, Data Science, Mathematics or Computer Science can participate.
 - All participants are requested to get a permission letter from their respective institutions and ID cards to participate in the event.
 - Participants are requested to register beforehand. The decisions made by the judges shall be final and binding.
 - Participating teams/participants may lodge objections on technical matters within 30 minutes of the completion of the event.
 - Participants are required to follow the decorum of the event. Failing to adhere to the guidelines would lead to disqualification.
 - Participants are advised to clarify their doubts with the respective event coordinators before the event.
 - Participants are expected to be in a formal dress code.
 - Participants are requested to be present at the venue of their events 15 minutes before the event starts.
 - If eliminated, participants are welcome to participate in other events, keeping in mind the schedule and time constraints.
 - Participants can participate in more than one event simultaneously, given that they manage their event schedule accordingly.

DATA FEUD

(Team Event)

Data Feud is an exhilarating team-based competition that tests your knowledge of data science, machine learning, and general trivia! With two rounds of fast-paced fun — Survey Says and Face-off—prepare to challenge your data skills and intuition.

Date: 7th November 2024

Time: 2:00 PM to 4:30 PM

Venue: R&D Block, Room 109

Rules and Regulations

- 1. Each team must have 3 participants.**
- 2. Teams will take turns guessing popular answers from survey data in Round 1 where each team will have 3 chances (strikes) before their turn is over.**
- 3. In the Face-off, one member from each team will answer rapid-fire questions.**
- 4. Points are awarded based on their accuracy, speed and ranks/weightage of their answer.**
- 5. Teams must bring their own devices for buzzer responses.**

For further details, contact

- Kulkarni Riya | +91 7028901881**
- Prerna Tanwar | +91 7428778744**

MONSTERS OF TALENT

(Individual Event)

Come to play brain teasing games and end up with an interview.

Round 1: "I am inevitable"

It's an aptitude quiz round on Kahoot.

Round 2: "Who am I?"

Guess the company logo and tagline in teams of 2 and score points!

Final round: "Why so serious?"

Attend an interview and bag your prize!

All the best!

Date: 8th November 2024

Time: 9:30 AM to 12:30 PM

Venue: R&D Block, Room 112

Rules and Regulations

1. Have a printed copy of your resume with you.
2. Report 10 minutes prior to the event.
3. Being dressed in formals will earn you extra points.
4. Don't forget your mobile phone!

For further details, contact

- Swetha | +91 8547208142
- Jeya Sharmila | +91 8248454080

QUERY QUEST

(Individual Event)

Query Quest promises a fun, competitive, and intellectually stimulating experience for all SQL enthusiasts.
Are you ready to accept the challenge?

Date: 8th November 2024

Time: 9:30 AM - 12:00 PM

Venue: Audi Block, Audi Lab

Rules and Regulations

1. This is a solo event; team participation is not allowed.
2. The event consists of two rounds. Further details will be provided at the time of each round.
3. Participants must have basic knowledge of SQL.
4. No external resources such as textbooks, online materials, or electronic devices (except those provided) are allowed during the event.
5. Any form of malpractice, including plagiarism or attempting to gain unfair advantage, will result in immediate disqualification.
6. The decisions made by the judges or event coordinators are final and binding. No appeals will be entertained.

For further details, contact

- Aayush Tiwari | +91 7379070787
- Mayank Ranjan | +91 9625174645

CODECRACK CHRONICLES

(Team Event)

CodeCrack Chronicles is an exciting team-based technical treasure hunt that tests participants' debugging and problem-solving skills across various programming languages. Teams will navigate through multiple stages, unlocking each level by solving code challenges to progress to the next. The event's ultimate goal is to discover the "JACKPOT" hidden in the final stage, with the fastest or most successful team winning the hunt.

Date: 8th November 2024

Time: 12:30 PM to 2:00 PM

Venue: Audi Block, Audi Lab

Rules and Regulations

1. All teams must register before the event begins. No changes in team members are allowed after registration.
2. Time limits for each round will be strictly enforced. Teams failing to meet the time or performance criteria will be eliminated at the end of each round.
3. After each round, the team must inform the event incharges present in the venue before starting with another round.
4. Each team can use only the provided laptops/computers. Personal laptops/phones are not allowed.
5. The use of AI tools for debugging is strictly prohibited.
6. Any team found copying or sharing solutions with other teams will be immediately disqualified.

- Prachi | +91 9763920424

DATAVIZ

(Team Event)

"DataViz Hunt is an electrifying data showdown where teams race to uncover hidden insights through analysis, modeling, and creative storytelling. Will you unlock the secrets faster than your competition?"

Date: 7th November 2024

Time - 2:00 PM to 4:30 PM

Venue: R&D Block, Room No:112

Rules and Regulations

- 1. Team consists of 2 members**
- 2. Each round has strict time limits, and teams must submit their work at the end of each round.**
- 3. Teams must use only their own devices.**
- 4. No additional setup time will be provided.**
- 5. Internet access will be provided solely for downloading the dataset.**

For further details, contact

- Madhumitha | +91 7401471611**
- Lismary | +91 6363557793**

DATA GUARDIANS

(Team Event)

An ancient curse has shattered our virtual haven, plunging us into chaos. As the chosen Guardians, you must restore order from the scattered remnants. Teams will face broken problem statements that must be debugged and combined to uncover the Key of Order, granting access to the next round. Retrieve hidden sequences to unlock files and break the curse. Along the way, you may swap roles, but beware—a penalty awaits. The fate of the virtual realm rests in your hands. Will you emerge as the true Data Guardians?

Date: 7th November 2024

Time: 11:30 AM to 1:30 PM

Venue: Audi Block, Audi Lab

Rules and Regulations

1. Teams will consist of 2 members.
2. Participants must work without internet access, using only provided resources.
3. Prerequisites: Participants should have a basic understanding of Python and data structures.
4. All challenges must be completed within the specified time frame.
5. The judges' decisions are final and binding in all matters related to the competition.

MURDER MYSTERY

(Team Event)

The event is a glamorous Annual College fest Gala where students, professors, and alumni have gathered to celebrate. Amid the festivities, one of the prominent guests is found murdered. Was it a crime of passion? A vendetta? Or was the victim hiding something dark?

The participants must find the killer before the authorities arrive, by piecing together clues, interrogating characters, and solving puzzles.

Date: 8th November 2024

Time: 12:30 PM to 3:00 PM

Venue: R&D Block, Room 109

Rules and Regulations

1. **2 Participants per team**
2. **Stay in designated areas and teams work independently.**
3. **Time limits are enforced; late or external help leads to elimination or usage of phones are prohibited.**
4. **Sharing or tampering with clues leads to disqualification.**

For further details, contact

- Madhurya P | +91 7619510385
- C Pranathi | +91 8919455514

PICTIONARY

(Team Event)

Pictionary combines creativity, quick thinking, and knowledge of Visualization, Statistics, and Data Science concepts. Teams will engage in drawing, guessing, storytelling, and data application challenges.

Date: 7th November 2024

Time: 11:30 AM to 2:00 PM

Venue: R&D Block, Room 110

Rules and Regulations

1. **Team Composition:** 2 members per team.

2. **Rounds:**

Round 1: Pictionary & Storytelling (1 hour 30 minutes).

Round 2: Rapid Fire & Dataset Application (1 hour).

Pictionary & Storytelling:

1. Teams pick a word from Visualization, Statistics, or Data Science.

2. One member draws, the other guesses (60 seconds per word, 10 words total, 5 points per correct guess).

Rapid Fire & Dataset Application:

1. Top 50% of teams advance.

2. Rapid-fire guessing (10 points per correct answer).

Teams must explain how they would apply the statistical and data science measures guessed during the rapid-fire round to a provided dataset (50 points, judged on clarity, reasoning, and analysis).

- Sayan | +91 8017895291
- Asmita | +91 7439690981

REEL RIVALS

(Team Event)

Reels Rivals is a thrilling two-round competition that combines creativity and entertainment. In Round 1, participants create reels focused on the United Nations Sustainable Development Goals (SDGs), raising awareness about global issues with impactful storytelling. The best entries will advance to Round 2, where the challenge shifts to a Bollywood theme, with participants showcasing their flair and energy through dynamic, entertaining reels. The competition celebrates both social awareness and artistic expression, with only the most creative and engaging performances emerging as winners.

Date: 7th November 2024

Time: 11:00 AM to 2:00 PM

Venue: R&D Block, ER 2

Rules and Regulations

- 1. Team of 2 or 3 members.**
- 2. No harassment or vulgar language, actions and songs .**
- 3. Do Not disturb any another blocks.**
- 4. Decision of the judges will be final and binding.**
- 5. Medium of communication will be English.**
- 6. Dress Appropriately.**

For further details, contact

- Sakshi | +91 9370974625**
- Janhavi | +91 8975551000**

TUG OF WORDS

(Team Event)

Welcome to Tug of Words, an exciting debate competition where eloquence collides with intellect in a captivating battle of wits! In this arena of rhetorical prowess, participant will engage in a dialectical duel in Public Forum Format. Tug of Word promises an energetic atmosphere where passion and argument blend, leading to a lively exchange of ideas. Get ready to be engaged, inspired, and maybe even changed as we explore the fascinating world of ideas where every word matters.

Date: 8th November 2024

Time: 9:30 AM to 12:00 PM

Venue: R & D Block, Room 110

Rules and Regulations

1. Team must contain 2 members.
2. No harassment or vulgar language.
3. Internet will not be available after the stipulated time.
4. Decision of the judges will be final and binding.
5. Medium of communication will be English.

- Sagar James | +91 9844272111

MEME OLYMPICS

(Team Event)

Get ready for the ultimate showdown of wit and creativity at the Meme Olympics! This fast-paced, laughter-filled event puts your meme-making skills to the test in a 2-hour competition where originality reigns supreme. Teams will craft hilarious, relatable memes and bring them to life with GIFs, all while racing against the clock. With a 10-minute breather to recharge, participants will then showcase their meme masterpieces to fellow students of Christ University for open judging. Expect epic humor, quirky creativity, and a dash of friendly rivalry as teams battle it out for meme supremacy!

Date: 8th November 2024

Time: 9:30 AM to 11:30 AM

Venue: R&D Block, Room 111

Rules and Regulations

- Language & Sensitivity:** Keep humor light-hearted and avoid offensive language or controversial topics. Violations lead to disqualification.
- Originality:** Create original content. No plagiarism or pre-made templates allowed.
- Tools:** AI tools are banned. Use simple GIF/video editors like CapCut or InShot.
- Time Limit:** Complete 2 memes and a GIF video within the 2-hour limit. Late submissions won't be accepted.
- Submission:** Submit 2 memes and a GIF video (30 sec - 1 min).
- Judging:** Present to 5-6 student judges. Respect feedback and avoid influencing opinions.
- Conduct:** Professional behavior is mandatory. Disruptive conduct results in penalties.
